

GI-Pro®

Provides your body with helpful organisms to support proper digestion

Boost your body's digestive function with the right probiotic for a healthy digestive system*

About 70% of your immune system is located in your digestive tract, and your body relies on a wide variety of bacteria and other microorganisms to help keep it running smoothly. These microscopic life forms, known as probiotics, help break down food and process waste.

The GI-Pro capsules provide you with the "right" bacteria to help support the delicate balance that must exist for healthy intestines.*

Overview

The GI-Pro capsules work to give you:

- Support for the health and balance of your intestinal tract*
- Support for your body's overall natural defense system*
- The "right" bacteria to give your immune system a boost*
- Help regulating the delicate balance of bacteria you need to keep your intestines healthy*
